

St. Albert the Great School COVID-19 ReOpening Plan

Introduction

In following the guidance from the Archdiocese of Los Angeles, California Department of Education, and public health officials, St. Albert the Great School seeks to lower the risk of viral contagion from COVID-19 while promoting the development of our students academically, emotionally, socially, and, most importantly, spiritually. We recognize that we cannot make that risk zero, but shall make every effort to pursue prudent measures on campus to minimize the spread of COVID-19 and other diseases. We are eager to partner with our families in order to ensure that we can safely pursue on-campus instruction.

The Department of Catholic Schools has issued guidelines outlining ways to modify our school environment and procedures to meet the directives set forth by state and local officials. We are currently working to make the necessary adjustments at our school by following the guidelines, so we are able to safely pursue on-campus instruction.

We believe the benefits of in-person school support the social, emotional, physical, spiritual and academic development of our students. We also understand the situation can change daily and will continue to monitor and make necessary adjustments for the safety and well-being of all students and our families. Please know that students and families who do not wish to return to in-person instruction at this time will still be able to participate in remote/distance learning. We acknowledge that the physical presence of a person in community has a sacramental quality that cannot be replaced. We believe that students learn best in person and that distance learning, while an adequate temporary measure is not equivalent to the academic, social, and spiritual positives of in-school instruction. At the same time, we want to be respectful and compassionate to those students and families with varying difficulties, concerns, and fears. By making small sacrifices, we believe we can form a safer environment for our students, our staff, and for their families.

As such, we are presenting the following two plans for instruction until full on-campus instruction is allowed.

The two choices for instruction are as follows:

1. Hybrid In-Person and Distance Learning Instruction: In-person instruction will be Monday through Thursday. We will have an A and B cohort (grouping) of students. We will have a morning cohort A that will attend in-person instruction from 8 to 11am. The B cohort will attend in-person instruction from 12:15 to 3:15pm. School will be closed from 11am to 12:15pm for cleaning and disinfection. The time students are not doing in-person instruction, they will be working on their distance learning assignments. Friday will be a distance learning day for all students to allow them to catch up on work and to ask teachers for help as needed. This day also allows for teacher planning for both distance and in-person instruction. This type of planning has never been done before and requires a lot of our teachers.

2. Distance Learning: 100% at home distance learning will be offered to those families not comfortable with students returning to school at this time and/or have health issues that make this option a better choice for them. If you are high risk or live with high-risk family members, we encourage you not to send your child back to in-person classes until it is safe to do so.

COVID-19 Health & Safety Plan for Re-Opening

Familial Adjustments

- Families are encouraged to practice social distancing, mask-wearing, and all other appropriate and recommended behaviors. Doing so enables our school to remain open, our students and their families to stay safe, and our growth to continue in a more optimal environment. Repeated disregard of these expectations may jeopardize our community and require measures to be taken by the administration of the school and parish.
- We encourage our families to set a positive spiritual example for our students! If you have concerns, please bring them to our administration, rather than vent in front of your children. By working together in communion, we can ensure the best possible outcome for all.

POLICIES AND PRACTICES TO PROTECT STAFF AND STUDENTS

This St. Albert the Great 2020/21 Reopening Plan is posted on the St. Albert the Great website, stalbertthegreatschool.org, home page. The faculty and staff continued to be trained in the details of this reopening plan as we prepared for the school year and re-opening for in-person instruction in August 2020. As this plan is updated and modified, all members of the community are notified and trained accordingly. This document describes St. Albert the Great's comprehensive approach to preventing and containing the spread of COVID-19 on campus.

- The individuals who act as the COVID-19 Compliance Team to communicate directly with the County of Los Angeles Public Health with questions, concerns, etc. as well as enforce all safety protocols to ensure that staff and students receive education about COVID-19 are the following:

- Mrs. Tina Johnson, Principal - designated liaison to the LA County Department of Public Health (COLADPH)
- Mrs. Lillian Rosa-Mejia, Office Manager

In the event of a positive COVID test or exposure:

- We will follow all county public health procedures and complete the ADLA COVID-19 Report Form and Instructions to report it to the Archdiocese as well as initiate the School Exposure Management Plan. The Archdiocesan Exposure Management Plan is posted in the office for quick reference.
- If students feel ill or exhibit symptoms throughout the school day, they will be isolated from the classroom and will stay in Bishop Fisher Hall until they are picked up by their parents. The student who is sick will not be allowed back in the classroom. Parents must pick up students as soon as possible, but no longer than 30 minutes after they have been notified. If the student is complaining of or exhibiting symptoms of COVID-19, the school will provide resources for the family to take a COVID-19 test and consult with their physician.
- Informational materials are given to the student/family covering regulations governing self-isolation, including the following links to sites with further information:
 - Exposure Fact-Sheet (LADPH)
 - What if I'm Sick Fact-Sheet (LADPH)
 - Guidance for Care of Children with Symptoms of COVID-19 (LADPH)
- If a student or staff member has been exposed to someone outside of school who has tested positive for COVID-19, the student or staff member must quarantine at home for two weeks, shifting to distance learning during that time.
 - It is expected that if a student or staff member has been exposed to someone who has tested positive for COVID-19, the administration must be informed immediately.
- If someone in the school (staff or student) tests positive for COVID-19, their entire cohort must quarantine at home for two weeks, shifting to a whole class distance learning plan.
 - All guidelines for informing DCS and any health department officials will be followed.
 - Parents will receive a letter informing them that someone in their child's cohort has tested positive for COVID-19, however, due to HIPAA regulations, families will not be informed of the identity of that person.
- Students and/or staff members who test positive for COVID-19 will not be able to return to school until they have met CDC criteria to discontinue home isolation, including at least 24 hours with no fever, symptoms have improved and at least 10 days since symptoms first appeared.
- If a student does not have a primary care doctor or there is difficulty accessing the testing we will call County of Los Angeles Public Health at (213) 240-8144
- The school will implement the School Exposure Management Plan to isolate the case, identify persons exposed and immediately quarantine exposed employees and/or students. Access to testing for all exposed individuals within the school is assured and all exposures at the school will be reported to the Department of Public Health.
- The School Exposure Management Plan details procedures to immediately report a cluster of cases (3 or more within 14 days) to the Department of Public Health (DPH). The DPH will work

with the school to determine whether the cluster is an outbreak that will require a public health outbreak response. ○ In the instance that St. Gertrude the Great experiences multiple positive cases in a 14-day period, we may need to, in consultation with the Archdiocese and local health officials, consider a partial or full school closure, returning to 100% distance learning.

Surveillance Testing

- To ensure the safety of students and staff, surveillance testing will be implemented. The school will facilitate staff testing periodically, as testing capacity permits and as practicable.
 - All staff will be tested within 7 days of the first day of school for in-person learning on campus.
 - The staff will be given a list of local test sites, however are encouraged to be tested through their Primary Care doctor first. The administration will follow up with staff to document testing information. <https://covid19.ca.gov/get-tested/#top>
 - 25% of teachers will be tested for COVID-19 each week to ensure all teachers are tested every 2 months.
 - Testing for all personnel will be implemented when instructed by the DPH based on local disease trends and/or after resolution of an outbreak at the school.
 - All surveillance testing results will be reported to the Department of Public Health.

Campus Adjustments

- Vulnerable employees (those above age 65, and those with chronic health conditions that would place them at high risk if infected) are assigned work that can be done from home whenever 4 possible. Employees should discuss any concerns with their healthcare provider to make appropriate decisions on returning to the workplace.
- Using 100% distance learning has allowed the school to reconfigure for increased opportunities to work from home.
- The closest testing site to the school is at Dodger Stadium, 1101 Scott Ave., Los Angeles. The school can assist potentially-exposed individuals with finding a testing location. <https://covid19.ca.gov/get-tested/#top>
- If a teacher feels ill or exhibits symptoms throughout the day, he or she will go home immediately, and a member of the office staff will substitute.
- As recommended by the CDC: The area that was visited by the ill person will be closed off. We will open outside doors and windows and use ventilating fans to increase air circulation in the area. We will wait 24 hours or as long as practical before beginning cleaning and disinfection. ● Staff have been told not to come to work if sick or if they have been exposed to a person who has COVID-19. Those who display potential symptoms of COVID-19 will be isolated and sent home.
 - According to the CDC, the key symptoms to look for are a temperature of 99.5 degrees or higher, sore throat, new uncontrolled coughing that causes difficulty breathing, diarrhea, vomiting, abdominal pain, or a new onset of a severe headache, especially with a fever. School staff screening individuals who show any of these symptoms are recommended to get tested for COVID-19.
 - Information has been provided to employees regarding leave benefits, including their right to paid sick leave as guaranteed by the Families First Coronavirus Response Act.

- Students, staff, and volunteers/visitors who test negative can return to school 3 days after symptoms resolve.
- Use of school facilities for non-school purposes is not permitted.
- Breaks are staggered to ensure that physical distancing can be maintained in break rooms.
- Appropriate signage is displayed so that all employees as well as on-site visitors are provided with instructions regarding maintaining physical distancing and the required use of face coverings when around others.
- Touchless hand sanitizers are available at the front office and in all classrooms.
- The school has received donations from a variety of sources including the Archdiocese and local vendors of masks, gloves, as well as has purchased a sufficient quantity of PPE materials such as touchless hand sanitizers, touchless trash receptacles and face shields to supply all staff and provide students with needed supplies. Classroom desk barriers (for each student) and teacher desk barriers are in place.

- **Screening**

- Faculty & Staff will be required to go through a brief health screening and temperature check upon their arrival to campus in the school office.
- Parents are expected to regularly check their student's health and must conduct a brief health screening prior to coming to campus. Parents will complete and submit a health screening through the PROTECT WELL APP for each student prior to arriving on campus. Parents will show the screening results upon student drop off.

- **Face Coverings**

- To be clear, face coverings are not a replacement for physical distancing, but they should be used to mitigate virus spread when physical distancing is not feasible.
- Staff are to wear face coverings, offered at no cost, that cover the nose and mouth. It is to be worn at all times during the workday when in contact or likely to come into contact with others. If an employee has been instructed by their medical provider that they should not wear a face covering, a face shield with a drape on the bottom edge, in compliance with State directives, is acceptable. A drape that is form fitting under the chin is preferred. Masks with one-way valves should not be used.
- Students in grades K through 8 are required to wear a mask while on campus.
- A medical grade mask is provided to any employee who cares for sick children or who has close contact with any child with a medical condition that precludes the child's use of a cloth face covering.
- Staff and students are instructed to wash or replace their face covering daily.
- Students should have extra face masks in backpack/school supplies in case one gets soiled during the day.
- For students in Grades Kindergarten - 2nd grade - A face shield may be an acceptable alternative to a face mask for children in this cohort who cannot wear a mask properly and can submit a waiver of approval from a medical professional.
- Extra face masks available in the office if a student forgets their masks.

Adjustments Within the Classroom

- Teacher's desk is positioned at least 6 feet from the closest student desk

- Modified physical distancing between student desks in grid style format. Individual desks will face the front of the classroom and will be six feet apart. In addition, desks will have three sided dividers to keep students safe with their individual learning area.
- Common areas used are disinfected frequently, on the following schedule:

Common Areas (i.e., Classrooms, Front Office, Hall, Library, Additional rooms, Breakroom)	At the end of each use and day
Student and Teacher Restrooms and Faucets	Twice a day
Workspace (i.e., desks, chairs, classrooms, office)	At the end of each use and day
Electronic Equipment (i.e., copy machines, shared computers/devices, printers, telephones)	At the end of each use and day
General Used Objects (i.e., handles, light switches)	At least 4 times a day
Playground Equipment and Other Supplies	At the end of each use and day

● Sanitation

- High touch areas in staff break rooms are frequently disinfected, and commonly shared items, such as coffee pots, refrigerators and copy machines are thoroughly cleaned after each use by a different person.
- Disinfectant and related supplies are available to employees in their classrooms and at the front desk.
- Students must wear their face coverings coming to and from school, moving to areas of the campus such as hand-washing or using the restroom, and movement throughout their classrooms and during play outside.
 - Students may remove their face covering when eating.
 - Students will use the touchless hand sanitizers that are now available at the entrance to each classroom when they arrive to class. They will use the hand sanitizer again after their recess time. Additional time will be scheduled into the day for routine hand-washing.
 - Drinking Fountains – No drinking fountains will be open and available for use. Students are encouraged to bring a reusable water bottle.
 - Soap and water are available to all students in the restrooms and employees in the break room restroom.
 - Staff and students are assigned their own tools and work supplies. Sharing of workspaces and held items is to be minimized or eliminated.
 - Copies of this Protocol have been distributed to all employees and is available on the public website stalbertthegreatschool.org, and the school's student information system, SchoolSpeak.

ENSURANCE OF PHYSICAL DISTANCING BY STAFF, STUDENTS AND VISITORS

- Utilize outdoor areas as frequently as possible.
- Only one person waiting in the office at a time.
 - Marked six foot waiting line
 - Families are encouraged to take advantage of virtual administrative offerings to keep office visits at a minimum.
 - All visitors to the office must use the provided touchless hand sanitizer before entering.
- Break room capacity is limited to 1 staff member and 2 teachers at a time.
- Maximum number of students permitted on campus for in-person learning is currently limited to 79 in order to maximize physical distancing with appropriate physical barriers in place.
- Each student should limit in class walking - own supplies at or near desk.
- Physical Education will be taught outdoors. No equipment will be shared and contact sports are not permitted.
- Whole-school assemblies and field trips will not occur until further notice
- **Additional measures in use to ensure physical distancing**
 - **Drop off/Pick Up**
 - Drop-Off: Parents must wait for their child to get their temperature taken before leaving the student. This assures no students are on campus with a temperature.
 - K parents park their car and take students to K gate for temperature check before entering campus. Parents must wear a mask and maintain social distancing while temperature is being taken.
 - Grade 1 and 2 enter through Toler gate near the office. **Students exit cars on the passenger side only.**
 - Grade 3 and 4 enter through the Toler gate near the science lab. **Students exit cars on the passenger side only.**
 - Grade 5, 6 and 8 enter through the alley gate. **Students exit cars on the passenger side only.**
 - Grade 7 enters through the gate near the cafeteria.
 - Temperature checks at gates starting at 8:00am for Cohort A and 12:15pm for Cohort B
 - Adults remain in vehicles other than K
 - Tardies - once gates are locked, (8:15am for Cohort A and 12:30pm for Cohort B), students must be buzzed in through the school office gate and will be counted late.
 - **Pick-Up**
 - Pick up gates and procedures for all students is exactly the same as drop off except no temperature check required.
 - Cohort A pick up is at 11am
 - Cohort B pick up is at 3:30pm
- Additional personnel are stationed in walkways (the school does not have indoor halls) to assure physical distancing as students enter, go through symptom checks and proceed to classrooms.
- Walkways will be marked with tape to support physical distancing and encourage "lanes" for students to walk in each direction. Students will line up six feet apart from

each other, and where appropriate tape will be put down in the classrooms to guide them. ● **In the classroom**

- In-person class size has been limited to 12 students in each grade, K - 2, for the purpose of complying with the waiver process.

- The school day has been divided into shifts as shown above to permit fewer students per class.

- Attendance is staggered to reduce the overall number of students in classrooms on a given day.

- Remote Distance Learning – for students who will not be returning for in-person instruction, math, language arts, & religion curriculum will be delivered live through Zoom and take place during the morning Cohort A and distance Learning students will have support from teachers and/or aides at specified times during the day.

- Furniture designed for in-class group activities that bring students closer than 6 feet has been reconfigured or removed from the classroom.

- Teaching methods have been modified to avoid close contact between students for any classes that may usually involve group activities.

- Contact sports are not permitted and any gym class activities are offered outdoors and are selected to permit physical distancing.

- **School meals**

- Snacks will be eaten during recess time without any mingling of cohorts from different classrooms. Recess Schedule:

- Grades TK - 2: Cohort A, 9:30 to 9:45am; Cohort B, 2:00 to 2:15pm

- Grades 3 -5: Cohort A, 9:45 to 10am, Cohort B, 2:15 to 2:30pm

- Grades 6-8: Cohort A, 10 to 10:15am, Cohort B, 2:30 to 2:45pm

- Students in grades TK - 2 will eat their snacks inside the classroom to make sure they are properly removing their mask and are not facing other students.

- Principal, Office Manger, Teacher Assistant added to break supervision to ensure adequate supervision and breaks for all staff.

- **Student support services**

- Where feasible and appropriate, therapeutic and support activities are conducted virtually.

- Student support staff, including employees, therapists, and adjunct support programs are instructed to maintain a physical distance of at least 6 feet to the extent feasible while engaging in student support activities on campus. Furniture and equipment are arranged to promote the 6 foot distance.

- Should equipment need to be shared, it must be sanitized before and after each use by a different student and/or employee.

- Staff offering these support services are provided with appropriate Personal Protective Equipment (PPE) per Cal OSHA requirements.

- **Administrative areas**

- Signage is visible to all to alert everyone to the need to maintain a 6-foot distance while waiting for school office personnel.

- The office Administrative Assistant has a plexiglass barrier around the desk when physical distancing is not feasible.

ENSURANCE OF INFECTION CONTROL

- Important: Do not bring your child to campus if they are exhibiting any signs of illness.
- Parents are required to monitor their children closely and not bring them to school if the answer to any of the following questions is yes:
 - Do you live with anyone or have had close contact with anyone who has been diagnosed with COVID-19 within the past 14 days?
 - Do you or anyone in your household have fever, chills, loss of taste or smell, vomiting and or diarrhea?
 - Do you or your children have any other signs of communicable illness such as a cold or flu?
 - Has your children received any fever reducing medications (Tylenol or Motrin) in the last 12 hours?
- Parents must wait for their child to get their temperature taken using a no-touch thermometer before leaving the student. This assures no students are on campus with a temperature.
- Adult visitors and staff who screen positive at entry or who report symptoms at any point during the school day are instructed to return home and self-isolate as required by Health Office Order of July 1, 2020.
 - Any adult who is screened for exposure and reports close contact with an infected person is instructed to leave the school, return home to initiate self-quarantine, and get testing for COVID-19.
 - Any middle school student who is screened for exposure and reports close contact with an infected person is provided with a surgical mask and accompanied to a predetermined space in the school while arrangements are made for them to be picked up by parents in order to initiate quarantine at home. Parents are advised to seek testing for the child.
- Students exhibiting COVID-19 symptoms while at school will be sequestered in the school gym. Their families will be called for immediate pick-up.
 - Public Testing guidelines and information would be provided based on residential area.
- Staff taking care of a sick student are provided with a medical grade mask to wear themselves and a medical grade mask for the student to wear until the student leaves the building.
- The COVID-19 Compliance Team is informed of any positive screening result in the school and initiates the School Exposure Management Plan consistent with DPH directives.
- Adult visitors and staff who have had close contact with an individual who has screened positive for COVID-19 symptoms are instructed to return home to self-quarantine as required until such time as it has been determined that the individual screening positive has received a negative screening result.
- Students who have had close contact with an individual who has screened positive for COVID-19 are accompanied to a preselected quarantine space where they can wait until arrangements are made to return home. The student(s) will then self-quarantine as required until negative results are provided.
- Limiting the risk of infection due to visits by outside individuals
 - Parents may come to the office to take care of business (tuition payments etc), but there will be no parents in the classrooms for the foreseeable future.

- Visitors other than parents are limited to those who are essential for the school’s operation. Visitors are by appointment only and are pre-registered in a visitor log that includes a visitor’s name, phone number and email address and are instructed to come to their appointments alone. If they must be accompanied by another person, their information is also captured in the visitor log.

- Visitors/parents arriving with non-enrolled children must ensure that these children stay next to an adult, avoid touching any other person or item that does not belong to them and are masked if 2 or older (and are not at risk due to a respiratory condition).

- Visitors are limited in their movement only to designated areas (such as the office and meeting rooms) and are not permitted to interact with any cohorts.

- Visitors are reminded to wear a face covering at all times while in the school. To support the safety of everyone, a face covering will be provided to visitors who arrive without them.

Age	Facial Covering Requirement
Under 2 years old	No
2 years old through 2nd Grade	Strongly Encouraged Face coverings are strongly encouraged if they can be worn properly. A face shield is an acceptable alternative for children in this cohort who cannot wear them properly.
3rd Grade through High School	Yes, unless exempted by their medical provider
All adults and visitors	Face coverings are required at all time

- **Optimal ventilation**

- At least 50% of classroom learning, meals and activities have been moved to outdoor space whenever feasible and weather permitting.

- The school’s HVAC system is in good working order and systems are set to maximize indoor/outdoor air exchange unless outdoor conditions make this inappropriate.

- Doors and windows are kept open during the school day if feasible and if outdoor conditions make this appropriate.

- Air filters have been upgraded to the highest efficiency possible.

- **Ensurance of appropriate cleaning and disinfection throughout the school**

- A cleaning and disinfecting schedule is established (see page 6)

- Cleaning products that are effective against COVID-19 (these are listed on the Environmental Protection Agency (EPA)-approved list “N”) are used according to product instructions.

- Custodial staff and others responsible for cleaning and disinfecting surfaces and objects are trained on manufacturer’s directions and Cal OSHA requirements for safe use as required by the Healthy Schools Act.

- Custodial staff and other staff responsible for cleaning and disinfecting are equipped with appropriate PPE as required by the product.
- All cleaning products are kept out of children's reach and stored in a space with restricted access.
- Ventilation is maximized during cleaning and disinfecting to the extent feasible. If using air conditioning, use the setting that brings in fresh air. Replace and check air filters and filtration systems to ensure optimal air quality.
- Enhanced cleaning of school premises is done when students are not at school with adequate time to let spaces air out before the start of the school day and before the start of the afternoon cohort.

● **Ensurance of use of appropriate face coverings by all staff, students and visitors**

- Staff, parents and students are informed of the requirement and are reminded on a regular basis throughout the year.
- See chart for age requirements on page 11.
- Signage at all entries to the school and throughout the school buildings reinforces the face covering requirement and depicts the proper use of cloth face coverings.
- As feasible, two cloth face coverings are provided to each student upon their return to in-person learning.

● **Ensurance of frequent hand washing by staff, students and visitors**

- All staff and students are given frequent opportunities to wash their hands for 20 seconds with soap, rubbing thoroughly after application and use paper towels to dry hands thoroughly. Each cohort is required to use a designated bathroom and a color-coded system is used to minimize students from different cohorts using the bathroom at the same time.
 - Grade TK and K - their restrooms
 - Grades 1-4 restrooms near office
 - Grades 5-8 restrooms near science lab
- Restrooms: Only 2 students in each restroom at any given time (this is the number of sinks in each student restroom)
- Younger students are scheduled for bathroom/hand washing breaks before and after eating, after toileting, after outdoor play, and before and after any group activity. Staff are instructed to model frequent, thorough hand washing.
- Ethyl alcohol-based, hand sanitizer is made available to students and staff in each classroom and outside the office. Isopropyl alcohol is not used in school due to its potential for toxicity.

COMMUNICATION TO THE CAMPUS COMMUNITY AND THE PUBLIC

- Information for all parents and students can be found within this document as well as posted to the public school website and the student information system, SchoolSpeak, including:
 - Isolation and quarantine policies as they apply to students who have symptoms or may have been exposed to COVID-19.

- Options for COVID-19 testing if the student or a family member has symptoms or has been exposed to COVID-19.
- Who to contact at the school if student has symptoms or may have been exposed.
- How to conduct a symptom check before student leaves home.
- Required use of face coverings.
- Importance of student compliance with physical distancing and infection control policies.
- Changes in academic and extracurricular programming in order to avert risk.
- Changes in school meals in order to avert risk.
- School policies concerning parent visits to school and advisability of contact with the school remotely.
- Importance of providing the school with up-to-date emergency contact information including multiple parent contact options.
- A copy of this protocol is posted at all public entrances to the school.
- Signage has been posted throughout the school reminding staff and students of policies concerning physical distancing, use of face coverings and importance of hand washing.
- Signage is posted at each public entrance of the school informing visitors that they should not enter the facility if they have symptoms of COVID-19.
- The school has developed and circulated a communication plan in case full or partial closure is required due to a possible cluster of COVID-19 cases.
- Online outlets of the school (website, social media, etc.) provide clear, up-to-date information about building hours, visitation policies, changes in academic and extracurricular programming, and requirements concerning use of face coverings, physical distancing and hand washing.
- Online outlets instruct students, parents and teachers on how to contact the school in case of infection or exposure.

ENSURANCE OF EQUITABLE ACCESS TO CRITICAL SERVICES

- Administrative services or operations that can be offered remotely (e.g., class registration, form submission, etc.) have been moved on-line.
- All events involving adults are cancelled/livestreamed
- Service Hours are not currently required until further notice
- **Liturgical and Mass Procedures**
 - Daily Prayer (virtual) with all students each day at 8:15 a.m. and end of the day
 - Weekly Mass live streamed for students on Friday
 - We will coordinate with Fr. Bernabe to ensure the Sacraments are available for our students
 - This is dependent on state and local restrictions and guidelines

We understand that even with the procedures and modifications we are planning, there are still families, for both medical and/or personal reasons, who may not feel comfortable returning for in-person instruction if we are approved to do so. We will continue to provide the option for remote learning so we can still support your child and family during this time.

God bless,
Mrs. Tina Johnson, Principal
